

Michael Trent

michael.trent@example.com | Languages: English | Track: Backend | Experience: 7 years

PROFESSIONAL SUMMARY

Experienced backend developer specializing in scalable systems and API development. Skilled in designing robust databases and microservices.

EDUCATION

B.S. in Software Engineering, University of Illinois at Urbana-Champaign

SKILLS

Java | Spring Boot | Node.js | RESTful APIs | PostgreSQL | MongoDB | Microservices Architecture | Docker | Kubernetes | SQL | Distributed Systems | Software Testing | Agile Development | Debugging | CI/CD Pipelines | Version Control (Git)

EXPERIENCE

Michael Trent has 7 years of experience in backend development, focusing on creating scalable and secure systems. He has led the development of RESTful APIs for high-traffic platforms and implemented microservices using Docker and Kubernetes. His expertise in Java and Spring Boot has been pivotal in creating efficient server-side applications.
