

Nadine Saad

nadine.saad@example.com | Languages: English, Arabic, French | Track: AI | Experience: 6 years

PROFESSIONAL SUMMARY

A seasoned AI engineer with a strong background in machine learning and natural language processing. Nadine has worked on multiple AI projects focused on predictive analytics and conversational agents.

EDUCATION

BS in Computer Science, AUB

SKILLS

Python | TensorFlow | PyTorch | NLP | Deep Learning | Data Analysis | Machine Learning | SQL | Pandas | NumPy | Scikit-learn | API Development | Problem-solving | Team Collaboration | Critical Thinking

EXPERIENCE

Led the development of a conversational AI chatbot for customer service using Python and TensorFlow, improving response accuracy by 30%. Worked on predictive maintenance algorithms for automotive systems, leveraging machine learning models to detect faults early. Collaborated with data scientists to preprocess datasets and implemented NLP models for sentiment analysis. Proficient in Python, TensorFlow, and SQL.
