

Sophia Muller

sophia.muller@example.com | Languages: English, German | Track: AI | Experience: 3 years

PROFESSIONAL SUMMARY

A data scientist and AI enthusiast with a strong foundation in statistical modeling and big data analytics. Sophia has hands-on experience with developing machine learning pipelines.

EDUCATION

MSc in Data Science, Technical University of Munich

SKILLS

Python | R | TensorFlow | PyTorch | Big Data | Hadoop | Spark | SQL | Data Visualization | Tableau | Pandas | NumPy | Critical Thinking | Teamwork | Problem-solving

EXPERIENCE

Developed machine learning models for predictive analytics, achieving a 90% accuracy rate in classification tasks. Designed big data pipelines using Hadoop and Spark to process large datasets efficiently. Visualized insights using Tableau to aid decision-making. Proficient in Python, R, and SQL.
