

Frontend Engineer

Location: Munich, Germany | Type: Full-time | Level: Mid-level | Salary: 60,000 - 80,000 EUR/year | Track: Frontend

About the Role

Join BMW Group as a Frontend Engineer and create engaging user interfaces for automotive applications. You will work closely with designers and backend developers to deliver seamless digital experiences.

Requirements

- Proficiency in React or Angular
- Strong knowledge of JavaScript
- Experience with responsive design

Nice to Have

- Knowledge of TypeScript
- Experience with UI/UX design tools
- Understanding of automotive interfaces
