

Quality Assurance Specialist

Location: Berlin, Germany | Type: Full-time | Level: Mid-level | Salary: 50,000 - 70,000 EUR/year

About the Role

As a Quality Assurance Specialist at inmind.ai, you will play a key role in ensuring the reliability and usability of our AI-driven products. You will work closely with developers, designers, and stakeholders to define testing strategies, create test plans, and automate testing processes. We are looking for someone passionate about creating high-quality tech solutions and who thrives in a fast-paced environment.

This role offers the opportunity to work on cutting-edge AI-powered applications while developing your expertise in both manual and automated testing approaches. Join our Berlin-based team to make a tangible impact on the future of AI education and solutions.

Requirements

- 2+ years of experience in software quality assurance
- Proficiency in automated testing tools like Selenium or Cypress
- Strong analytical and problem-solving skills
- Knowledge of Agile methodologies

Nice to Have

- Experience with AI/ML systems testing
- Familiarity with CI/CD pipelines
- ISTQB certification
