

Technical Content Writer

Location: Amsterdam, Netherlands | Type: Full-time | Level: Junior | Salary: 40,000 - 55,000 EUR/year

About the Role

Inmind.ai is looking for a Technical Content Writer to create engaging and informative content for our AI education platform. You will write blog posts, tutorials, and documentation that convey complex technical concepts in a clear and approachable manner.

As part of our team, you'll collaborate with developers, designers, and educators to enhance the learning experience of our students. This role is perfect for someone with a passion for storytelling and technology who wants to help bridge the gap between cutting-edge AI and its practical applications.

Requirements

- 1+ years of professional writing experience
- Strong understanding of technical topics, especially in AI or software development
- Excellent written and verbal communication skills
- Attention to detail and ability to meet deadlines

Nice to Have

- Experience with SEO optimization
- Knowledge of HTML or Markdown
- Background in education or instructional design
