

Backend Systems Intern

Location: Munich, Germany | Type: Internship | Level: Internship | Salary: Competitive | Track: Backend

About the Role

Idealworks GmbH is offering an exciting internship opportunity for a motivated Backend Systems Intern. In this role, you will assist in the development and optimization of backend services that power our logistics and robotics solutions.

Working alongside our software engineering team, you'll gain hands-on experience with modern backend technologies and contribute to scalable, high-performance systems. This internship is a great way to kickstart your career in backend development while collaborating on innovative projects.

Requirements

- Enrolled in a Computer Science or related degree program
- Basic understanding of backend technologies such as Node.js or Python
- Knowledge of REST APIs and database systems

Nice to Have

- Experience with Docker or Kubernetes
- Familiarity with microservices architecture
- Interest in logistics or supply chain systems
