

Parental Leave Policy

Category: Leave | Effective: March 2025 | Version 1.0

The Parental Leave Policy at inmind.ai provides guidelines for maternity and paternity leave in accordance with Lebanese Labour Law and company values.

Maternity Leave: Female employees are entitled to 10 weeks (70 calendar days) of paid maternity leave. This consists of a mandatory pre-delivery period of at least 3 weeks before the expected due date and the remaining weeks post-delivery. The employee must notify HR at least 8 weeks before the expected delivery date and provide a medical certificate confirming the pregnancy and expected due date. During maternity leave, the employee receives 100% of their base salary.

Paternity Leave: Male employees are entitled to 5 working days of paid paternity leave, to be taken within 30 days of the child's birth. An additional 5 days of unpaid leave may be requested. The employee must notify their supervisor at least 2 weeks in advance when possible.

Adoption Leave: Employees who legally adopt a child under the age of 5 are entitled to 6 weeks of paid leave from the date the child is placed in their custody. Both adoptive parents are eligible.

Return to Work: Employees returning from parental leave are guaranteed the same position or an equivalent role with the same compensation and benefits. A gradual return schedule may be arranged with management approval. Nursing mothers are entitled to two 30-minute breaks per day during working hours for the first 12 months after returning to work.

This policy reflects inmind.ai's commitment to supporting employees through major life events while maintaining compliance with Lebanese Labour Law. Any questions should be directed to the HR department.
